Source, Operational Data, and Comments:

1. Forwarded as attachment One to this report is a request from ☐ to ☐ for an investigation of alleged anti-Argentine activity in Italy, specifically:
 - a. Immigration to Argentina of dangerous persons on false or regular passports
 - b. Sending to Argentina of sabotage material.
2. On the basis of the above request which was based in turn upon a request by the Argentine Military Attache, ☐ following an interview with the Argentine representation, obtained the entire documentation on the above matters, which are forwarded herewith in photographic copy as Attachments Two, Three, and Four to this report.
3. The Second Attachment is the detailed file on the Franz LANGE & ROSSANY, and DIEBOLD case as furnished by the former to the Argentine M.A. It will be noted that the story is in basic agreement with the story given to our station, but is still none the less fantastic. Apparently from the correspondence, however, the Headquarters of SOSA MOLINA did not accept the story as readily as did the M.A.
4. The Third Attachment concerns a clandestine arms matter in which DIEBOLD's name emerges along with others. From the nature of the alleged routing of the clandestine arms in this affair, it does not appear that there can be any real basis of fact in this matter. It does not appear that LANGE was the informant in this matter.
5. The Fourth Attachment is of high interest. It does not appear to have any bearing on the above matters, but it consists of a detailed break-down of the operations of Karl HAS (sic HASS). This report was included among the above materials. It is suggested that this latter report be compared carefully with other materials available at Hqs. on HASS's net.
